Full-stack developer with 1+ year building production apps across backend, web, and mobile. Shipped 90+ merged PRs at TomYo EdTech across Node.js/PostgreSQL APIs, Next.js web, and React Native. Inha University Computer Science graduate (Dec 2025), seeking a full-time developer role in South Korea.

Areas of Expertise

- Languages (JavaScript / Python / Java / C++)
- Frontend (React / Next.js / React Native / HTML / CSS)
- Backend (Node.js / Express / FastAPI / Swagger)
- Databases (PostgreSQL / MySQL)
- DevOps (Docker / AWS / Git / GitHub)
- Workflow (Jira / Slack)

Work Experience

Software Developer | Remote **Mar 2025 – Dec 2025**
TomYo EdTech

- Built REST APIs with Node.js, Express, and PostgreSQL (Sequelize)
- Shipped 90+ merged PRs across 8 repos including backend, web, and mobile
- Found and fixed a payment security flaw in the checkout flow
- Built a subscription system with telecom carrier billing integration
- Refactored services with Docker and resolved production incidents
- Helped upgrade React Native from 0.64 to 0.76
- Built internal admin tools with React-admin; worked through code review and wrote tests

Tech Intern **Dec 2024 – Feb 2025**
TomYo EdTech

- Contributed to 3+ real-world projects using REST APIs and PostgreSQL
- Resolved 3+ weekly support tickets for Node.js performance and service issues
- Improved the Yarn-based development workflow and code management

Projects

AI Health Risk Prediction Platform · Inha University Capstone **Sep 2025 – Feb 2026**
Node.js, React, XGBoost, Blockchain, Render · Live demo · Case study

- Designed and built the backend: REST APIs, data pipeline, and secure handling of health data
- Integrated the XGBoost prediction model into the backend server for real-time risk analysis
- Designed the service structure for scalability and deployed it to production

Education

Inha University **Mar 2022 – Dec 2025**
BSc Computer Science

- Relevant courses: Data Structures, Algorithms, Databases, Operating Systems, Computer Networks, Internet Programming
- Recipient of a Global Scholarship Program; Football Captain

Languages

- **English**
  IELTS Academic 7.5, TOEIC 920
- **Korean**
  TOPIK Level 5

Volunteer Experience

Talent Manager (Local Committee) · AIESEC in NUM **Sep 2019 – Dec 2021**

- Led recruitment, training, and onboarding programs for new members
- Planned and ran events in line with AIESEC's global operating standards
